

****PERSONAL NOTE****

Whoop Whoop!! Last Week...

Remember there are no "TMs" or "TDs" this week...

I can't tell you how happy I am that you've stuck to your clean eating! It's been a journey and learning new healthy eating habits are tough in the beginning but now that you've come this far, keep going.

You can do this!

Remember if you are hungry in the evening after you've had your last meal, drink a cup of Green Tea (non-caffeinated) it will also help you to digest your food after.

Drink 1 gallon of water a day!

You got this!
Sylvia =)
